

JUGGERS RACING REPORT

April 2015

April 4th – Sonoma Raceway

I would like to start off by thanking all the Juggers members that have come out to cheer for cheering the racers on!

Harold Binsfeld and John Murphy ran into some mechanical problems, but that didn't stop them from racing!

Harold was running two classes Trophy and D Gas. They called trophy and Harry was getting ready to air up his tires, he looked down at his tires and one was flat. He missed his call for trophy. He worked diligently to find the leak before they called up D Gas. He found the leak, went tubeless and kept racing.

I saw John Murphy parked with jacks underneath his car and he was under it. John Lewis was standing next to the car. I asked JL what happened, he told me that JM was replacing his starter, because it went out. At that moment they called B gas, I asked JL do you think he is going to make it. JL stated yes he will! Unfortunately after that pass they stopped A & B gas cars from running, the winds were too much for these cars.

Racing Results:

West Coat Pro Gas

A Gas (7.60) No results due to race being stopped due to high winds

B Gas (8.60) No results due to race being stopped due to high winds

C Gas (9.60)

Boots - It was great to see Boots out there! He went out in the 2nd round.

D Gas (10.60) JUGGERS & FORDS in the FINALS

Steve Cloud - WINNER! Steve brings home the trophy! So proud of him!

Dan Ficher - Runner up and #1 qualifier!
